

# Primecare SuperSaver

Primecare SuperSaver provides full cover for eligible in-patient and day-patient treatment that takes place in the UK. To keep premiums low, Primecare SuperSaver restricts out-patient cover and does not cover 'extras' such as complications of pregnancy, psychiatric care, or alternative therapies. The table below lists the main benefits and features of Primecare SuperSaver.

## keyfacts

Please see page 34

### Additional exclusions specific to Primecare SuperSaver.

In addition to the exclusions found in the policy summary, Primecare SuperSaver does not cover initial consultations and diagnostics tests, alternative medicine, treatment of psychiatric and mental disorders, treatment for complications of pregnancy, home nursing, treatment of any dental condition or treatment received outside the UK.

### Your excess options.

You can choose to take out an excess of £250 per claim if you wish to reduce your premium.
